Statement: the CBA by Michał Lisiecki on economic matter

The CBA executed activities of process nature which involved the request to release items on the command of the Warsaw-Praga District Prosecutor's Office, which absolutely do not concern the so-called wiretapping scandal. The wide multithreaded investigation concerns economic issues.

We strongly deny the appearing false information that the activities carried out by the Central Anticorruption Bureau in the house Michał Lisiecki concerned the so-called wiretapping scandal. The CBA performed activities of process snature, which involved the request to release items on the command of the Warsaw-Praga District Prosecutor's Office, that absolutely do not concern the so-called wiretapping scandal, to what wrongly indicate some media. Wide, multi-threaded investigation deals with economic issues.
