---

The Head of the Central Anti-Corruption Bureau Ernest Bejda and the Commissioner of the Palestinian Anti-Corruption Commission (PACC) Ph.D. Ahmad Barak have signed a Memorandum of Understanding in the area of preventing and combating corruption.

The aim of the Memorandum is to create foundations for broader cooperation in the area of specialized training, exchange of information and experience gained within preventing and combating corruption.

The delegation of the PACC and the Embassy of Palestine in the Republic of Poland has been introduced into the tasks and legal foundations of the activity of the CBA, as well as into topics associated with the control of asset declarations and combining public functions.

The PACC was established in 2010 under the Law by Decree of the President of the Palestinian National Authority, as an independent body with its own budget and administration. The PACC co-shapes and has the most important role in implementation of state anti-corruption policy.
