## CBA begins cooperation with more universities

---

For the past few months, the Central Anti-Corruption Bureau has been undertaking informational and educational cooperation with universities. To date, letters of intent in this regard have been signed with more than 15 universities.

On 10 October of this year, the Head of the CBA Andrzej Stróžny signed letters of intent on cooperation with two Lublin universities. The universities were represented by their Rectors: the Catholic University of Lublin - Rev. Prof. Mirosław Kalinowski, PhD, and the Maria Curie-Skłodowska University - Prof. Radosław Dobrowolski, PhD.

The cooperation will be of an informational and educational nature. Its scope relates in particular to the organisation of training courses, the aim of which will be to raise awareness and broaden the participants' knowledge of the phenomenon of corruption. The skills acquired during the training courses will be useful in the professional development and competence enhancement of future graduates.

To date, the CBA has established similar cooperation with the University of Warsaw, the Jagiellonian University, AGH University of Science and Technology, the Cracow University of Technology, the University of Silesia, the University of Rzeszow, Warsaw University of Technology, Silesian University of Technology, Białystok University of Technology, Gdansk University of Technology, Rzeszow University of Technology, the West Pomeranian University of Technology in Szczecin, Wrocław University of Economics and the Military University of Technology.
